

SECURITY POLICY

Xantos Sp. z o.o.
Trans-Id: 573617

We offer top quality services, tailored to the expectations of our customers in the areas of domestic and international transport. We are a good and reliable partner for everyone who cares about security and high quality services. Thanks to proper management, we ensure the highest supply chain security levels.

Consistent implementation of the Security Policy that we have in place has a positive effect on security, our growth and company image on the market.

- We regularly assess our security-related activities
- We perform services reliably and on time
- We comply with the applicable requirements and legal provisions
- We improve our employee and partner qualifications by sharing our knowledge and experience
- We identify threats and assess risks
- As a link in the supply chain, we improve the security of our services

This document constitutes the basis for Supply Chain Security Management System maintenance and development. All the employees are responsible for compliance with the Security Policy, which is known and made available to all interested parties.
